CANINE PERSONAL FITNESS | TRAINING PROGRAM | INFORMED CONSENT

****By submitting this form I have read and agree to the terms and the conditions below.****

PROGRAM OBJECTIVES

Personal Training: I understand that my dog's physical fitness program is individually tailored to meet the goals and objectives agreed upon by my dog's personal Fitness Coach and me.

Group Training: I understand that the Dog Works Programs are designed to accommodate multiple dogs with varying goals and fitness levels.

DESCRIPTION OF THE TRAINING/EXERCISE/CONDITIONING PROGRAM

I understand my dog's exercise program will involve participation in a number of types of Obedience, Agility, and Fitness activities. These activities will vary depending upon the objectives my dog's personal trainer and I establish. Activities may include: 1) aerobic activities including, but not limited to, the use of treadmills; 2) muscular endurance and strength building exercises including, but not limited to, the use of weights, resistance bands, calisthenics, and exercise equipment; 3) other activities selected by my canine personal fitness trainer and agreed upon by me; and 4) selected physical fitness and body assessments, and 5) Obedience exercises. Agility equipment might also be used according to which class I choose for my dog.

DESCRIPTION OF POTENTIAL RISKS

I understand that no exercise/training program is without inherent risks regardless of the care taken by a canine personal trainer and that my dog's personal safety cannot be guaranteed. I realize that whenever my dog is participating in any exercises, particularly those that induce cardiovascular stress, there is a slight chance of serious injury (e.g. cardiovascular accident) or catastrophic incident (e.g., death, paralysis). Likewise, I know that engaging in muscular endurance, strength building, and other fitness activities sometimes results in minor injuries (e.g., bruises, musculoskeletal strains and sprains), or less frequently, more serious injuries (e.g., muscle tears, herniated disks), and rarely, catastrophic injury (e.g., death, paralysis). I also realize that multiple dogs and handlers will be working with us and I accept all possible risks involved with contact with other dogs. I take full responsibility and accept that Dog Works Creative K9 Fitness, LLC and Marcia McMahon are not responsible.

DESCRIPTION OF POTENTIAL BENEFITS

I understand that a regular canine fitness, obedience, and conditioning program has been shown to have definite benefits for Canine Total Health. I know that some of the benefits can include weight reduction (if needed), reduction of body fat, improvement of cardiovascular function, improved strength and muscular endurance, improved posture, speed, quickness, proprioception, power, balance and flexibility. These programs can also help dogs age better and reduce the need for vet visits.

PARTICIPANT RESPONSIBILITIES

I understand that it is my responsibility to 1) fully disclose any of my dog's health issues or medications that are relevant to participation in a strenuous exercise program and any changes in them; 2) stop my dog's exercise and report promptly any unusual feelings (e.g., difficulty breathing, apparent injury, lameness, refusal to eat or work) during the exercise program; and 3) have my dog's participation in any canine fitness activity approved by my Veterinarian.

- I understand the potential physical risks involved in participating in an exercise program and believe that the potential benefits outweigh those risks.
