

What to Bring to Dog Works! Class:

PLEASE REMEMBER TO BRING YOUR CLICKER THAT YOU RECEIVE YOUR FIRST DAY OF CLASS!

WE WILL BE WEARING MASKS IF CLASS IS INSIDE.

Obedience/Rally:

*6' flat webbing leash-1" wide. (For very small dogs, this can be narrower.)

*Good collar-preferably 1" wide flat webbing collar depending on size of dog. Please do not bring a collar that your pup can slip out of. Again, narrower for little dogs. NO Choke collars; NO Prong collars. (Haltis/Gentle Leaders and Martingales are fine.)

*Great treats-that really motivate your dog. Bring enough to last the entire class. Make sure you feed a little less at dinner to make up for the extra food. Please bring small, soft treats that do not fall apart but are super easy to chew.

*TOY! Please bring your puppy's favorite toy for rewarding.

*Water dish-You can store your dish here in a cubby, if you'd like, for the duration of class.

*Warm clothes-It is nice to work outside whenever possible!

*Soft-soled shoes that will be dry for upstairs floor.

Puppy:

Same as above.

Consults:

Same as above.

Fitness:

Same as above plus:

*Layered clothing-In case we start outside with warm-ups then work inside.

Dogs Nails **MUST BE TRIMMED!! WHY????-Gym Floor care; care of inflatable equipment; and, most importantly, for your dog's balance, form, and coordination-proprioception! Make a lifetime habit of keeping nails trimmed!

Agility:

Same as Obedience- Harnesses are fine but **must not inhibit movement.**

Human running/tennis shoes for an active hour.

Bring the treats.

Dog's absolute favorite toy for doggy party after each dog's turn.

Please bring warm clothes in case of weather.

Reminders:

*For the first day of each new session & for Consults, please leave your pups in the car for the first 20 minutes or so as we will work on "human" training!

*Please make sure your dog relieves him/herself in the front area immediately BEFORE class. Dogs may not relieve themselves in the working yard! Please alert me immediately in case of an accident.

*Please arrive a little early so you can warm up your dog outside so his/her muscles are loose and ready for our workout.

THANK YOU! Questions?
